### **DETAILED ACTION**

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 21 and 33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

More specifically, in claims 21 and 33, the language of "wherein said coating with said intermediate coating layer" is indefinite because it is not clear what the language of "said coating" refers to. It is not clear if the language is drawn to the coating step or the coating layer. Accordingly, the metes and bounds for which patent protection is being sought are not clear.

### ***Allowable Subject Matter***

3. Claims 20, 22-24, 31-32 and 34-38 are allowed.
